

SWIFT Data Warehouse Security Role Matrix

This matrix summarizes the various permissions that are provided within each of the four SWIFT Data Warehouse Security Roles (General Warehouse Roles):

- **Basic Report Developer**
- **Advanced Report Developer**
- **Dashboard Developer**
- **Agency Administrator**

More information on these roles is available on MMB's Statewide Systems Security web page:
<http://www.mmb.state.mn.us/system/security>

Permission	General Warehouse Role			
	Basic Report Developer	Advanced Report Developer	Dashboard Developer	Agency Administrator
View reports (See Note 1)	✓	✓	✓	✓
Create and/or modify a report	✓	✓	✓	✓
Save a report to My Folders	✓	✓	✓	✓
Save to Agency Subfolder (see Note 2)		✓	✓	✓
